New Mid

SS/26 Collection

Meet the  new Mid.
There's a way of  life
Color  that  redefines
character.  Interiors 
 that aren't  just seen,
but  lived. Freedom,
Personality.  Turning 
 everyday into a scene.

The makeup  ritual
Color  on the table. 
Nothing looks  random,
every  touch is chosen.
 Every layer,  imposed
You look.  You hold the
gaze. Not for them,
but  not just for you. 

Keys  on the table. 
 Still in  control. Black and white hold  the noise.  They don't erase it. You  lean, not
 rest. The room  stays quiet.  Not calm.
The life in  contrast.

HOPE

Brown,  a new way of life. Vinyl in  hand. 

Nothing  is random.  The room responds. You let it.  No audience.  No need. You set the rhythm. Soul  essentials  on repeat.

Meet the new Mid.. There's a new way to live spaces. More freedom. More expression. More personality. Kodu yearbook 26 is not just a collection — it's an attitude. Color that defines character. Shapes that spark conversation. Interiors that aren't just seen, but lived. Between the spirit of a contemporary energy, each setting turns the everyday into a scene. A gesture. A pause. A song. A coffee. This catalogue is an invitation to play with color. To mix moments. To turn your home into a statement.
